Lavandula 'Munstead'

This compact, neat English lavender is ideal for cutting - bearing masses of dark purple-blue flower spikes. Lavender makes an excellent low hedge or path edging where the perfume can be enjoyed as you brush past the aromatic evergreen foliage. Height: 45cm (17in.). Spread: 60cm (24in.).

**Buy 36 plants for £11.99 or buy 72
and SAVE £6.99 on the RRP - ONLY £16.99!**

**CLICK
HERE TO
BUY**

Acacia dealbata

Golden yellow mimosa flowers are produced on this evergreen tree in spring. The nectar-rich, fragrant blooms will attract bees and other pollinating insects to the garden. In frost prone areas grow acacia in a large container, and move them to a frost-free position in winter. Height: 8m (26ft.) Spread: 5m (16ft.). Supplied as 9cm pot plant.

**Buy one plant for £11.99
or buy two for £18.99
SAVING £4.99 on the RRP!**

BUY**

A close-up photograph of Witch hazel flowers. The image shows a cluster of dark, almost black, woody flower buds. From these buds, numerous long, thin, and deeply red, spidery petals emerge, creating a dense, textured appearance. In the background, out of focus, are bright yellow, elongated, and curled structures, likely the summer foliage of the plant. The overall lighting is bright, highlighting the vibrant red of the flowers against the blue sky and yellow foliage.

Witch hazel - Hamamelis 'Diane'

This deciduous shrub explodes in a profusion of rich red, scented spidery blooms during the darkest months of winter. The summer foliage forms a simple backdrop for summer flowering perennials and changes to brilliant orange and red in autumn. Thrives in a well-drained neutral to acid soil. Height and spread: 4m (13ft.). Supplied as 9cm pot plant.

BUY**

A close-up photograph of a Polianthes tuberosa plant. The image shows several waxy, white flowers with multiple layers of petals, some fully open and others as buds. The background is a soft, out-of-focus green, suggesting foliage.

Polianthes tuberosa

Spikes of intensely fragrant, waxy white flowers are produced throughout summer, which make enthralling cut flowers or pot plants for indoors. They can also be grown outdoors in containers or sheltered sunny borders but plants need to be lifted and stored in a frost-free place over winter. Height: 90cm (35in.). Spread: 15cm (6in.).

A close-up photograph of several Clematis cirrhosa var. purpurascens 'Freckles' flowers. The flowers are white with numerous dark purple or maroon spots, giving them a 'freckled' appearance. They have a delicate, bell-like shape with five petals. The background is a soft-focus green, showing the plant's leaves and stems.

Clematis cirrhosa var. purpurascens 'Freckles'

This stunning evergreen clematis will inject your winter garden with colour when few other plants are in bloom. The delicate blooms are followed by attractive fluffy seedheads that stand proud of the glossy evergreen leaves.

Height: 3m (10ft). Spread: 1.5m (5ft).
